

### C. FACTUAL BACKGROUND

On or about April 29, 2014, you were working in your capacity as an officer with the El Paso Police Department when you were dispatched in reference to a subject disturbing call at or near 501 Hawkins in the City and County of El Paso, Texas. Upon arrival at said location, you met with the complainant, Hasabnna Leyva-Ramirez, and learned that she wanted to file charges against CPS for the condition of the facility and how the staff treated her. Based on the investigation, you attempted to explain to the complainant that the matter was civil and not criminal in nature. You then asked the complainant for ID so that you could complete your log sheet accordingly.

Based on the evidence, the complainant handed you a 1 - DL Plts Reg or Ttl ID card. Rather than enter the information from this card on your log sheet, you asked the complainant if she was in the United States illegally. You admitted that you did such and contended that you knew that "this ID card [was] being issued by the 1 - DL Plts Reg or Ttl to illegal aliens" or similar words. Regardless, the complainant's immigration status was irrelevant to completing your log sheet and irrelevant to the call that you were handling.

The complainant informed you that she was in the United States legally and had papers to prove such. According to your administrative statement, you told her that "if she had papers that she needed to have them with her at all times. This I know because I came to this country with a green card and was told repeatedly by immigration that I HAD to have that ID with me always" or similar words. You deny asking the complainant to see her papers. Nonetheless, the complainant's immigration status was irrelevant.

You admit to asking the complainant about her immigration status. You claimed in your administrative statement that "there was no intention [by you] about inquiring about [the complainant's] legal status. [You] usually ask the same ONE question when someone hands [you] that type of ID and they are being hostile or uncooperative" or similar words. Regardless, the complainant's immigration status was not relevant to the call for service. By asking such question, you failed to act in a courteous and professional manner which violates Department policies, procedures, rules and/or regulations.

### D. CONCLUSION

You became a commissioned police officer with the City of El Paso Police Department on or about October 10, 1996. At that time, you were given a procedures manual which unequivocally directed all employees to familiarize themselves with the rules and regulations, policies and procedures, administrative orders, special orders, memorandums, Civil Service Rules and Regulations, any other directives or policies issued by the Chief of Police and criminal and civil laws and any other pertinent material which deals either directly or indirectly with the performance of your duties. Said direction has not changed during your employment with the Department and remains in effect today.

Immigration status is not relevant information that needs to be obtained by a police officer to complete a daily log sheet when the officer determines that the matter at issue is civil. Based on the findings of this administrative investigation, there is sufficient evidence that your conduct at issue has violated Department policies, procedures, rules and/or regulations. Your poor judgment and personal beliefs or convictions on immigration interfered with the appropriate execution of your official acts and decisions.

For the reasons stated above, your conduct violated:

- a) Section 6.13-3, including but not limited to subsection (P), Charter of the City of El Paso;
- b) Rule 15, including but not limited to subsection 1 (p), El Paso Civil Services Rules and Regulations;
- c) Section 0-401, including but not limited to subsections 0-401.05 and 0-401.06, El Paso Police Department Procedures Manual;
- d) Section 0-403, including but not limited to subsection 0-403.06, El Paso Police Department Procedures Manual;
- e) Section 0-404, including but not limited to subsections 0-404.03 and 0-404.05, El Paso Police Department Procedures Manual;
- f) Section 0-406, including but not limited to subsection 0-406.03, El Paso Police Department Procedures Manual;
- g) Rule 4, including but not limited to subsection (a), El Paso Police Department Procedures Manual Addendum, Rules and Regulations;
- h) Rule 9, El Paso Police Department Procedures Manual Addendum, Rules and Regulations; and
- i) Rule 27, including but not limited to subsections (a), (c) and (d), El Paso Police Department Procedures Manual Addendum, Rules and Regulations.

Your conduct is not considered to be within the policy, practice or custom of the Department. Of importance, your conduct in this case is not the first time you have brought discredit to you and the Police Department over someone's ethnic origin. The Chief of Police is not prohibited from using your prior acts or omissions resulting in discipline in determining future disciplinary action. The other instance includes but is not limited to:

**IA10-488:** This case involved allegation of violation of Rules 5 (major violation) and 14 (verbal abuse prohibit). Based on the administrative evidence, you were found to have used a racial slur on at least one occasion when referring to another department employee. Administratively, you received a written reprimand.

Based on the totality of circumstances, your conduct in this matter warrants discipline, up to and including termination. The discipline being taken in this case is based on your conduct at issue at the time in question coupled with your prior discipline history. Therefore, **the Department hereby suspends you for sixteen (16) hours.**

In addition, you are hereby informed that you have a right to appeal this suspension. If you elect to appeal, you have thirty (30) days from the date indicated below to appeal this suspension to the Civil Service Commission or at the election of the Association, to an arbitrator mutually agreed to by the parties.

The Department reserves the right to amend these charges and specifications at any time.

AIC R. Fechner for

Greg Allen  
Chief of Police

I acknowledge receipt of this notice of suspension and am aware of my rights to appeal. I also acknowledge receipt of Rule 15. Furthermore, I understand that this acknowledgement in no way is an admission of guilt.

Docket No.	CSC Case No. 14-02-LG/JD
Dept Case No.	IA14-335
CLEAT File No.	EP

Ladies:

As I indicated at the close of the arbitration on May 31, 2016, my findings with regard to Officer Elizalde's 16 hour suspension are as follows:

1. I will uphold the finding that Officer Elizalde violated El Paso Police Department and City of El Paso Policies/Procedures/Rules and/or Regulations by asking Complainant, Hasabnna Leyva for her immigration status which was not relevant to the call for service she was handling on or about April 29, 2014.
2. I will modify the punishment from 16 hour suspension to a 10 hour suspension, and 10 hours of sensitivity training dealing with, as specifically as possible, interactions with the Hispanic Community/Mexican Nationals during the course of her work as an officer with the El Paso Police Department.

Thank you for your cooperation.

Sincerely,  
  
Jim Darnell

### **3-202. PATROL PROCEDURES.**

**3-202.01 RACIAL AND BIAS BASED PROFILING.** Officers are strictly prohibited from engaging in racial and bias based profiling. The prohibition against racial and bias based profiling does not preclude the use of race, ethnicity, or national origin as factors in a detention decision by a peace officer as they may be legitimate factors in such a decision when used as a part of a description of a suspect or witness for whom a peace officer is searching.

#### **A. Definitions.**

- 1. Racial Profiling:** a law enforcement-initiated action, such as a motor vehicle stop, a detention, a search, issuance of a citation, or an arrest, based on an individual's race, ethnicity, or national origin rather than on the individual's behavior or on information identifying the individual as having engaged in criminal activity. Racial profiling pertains to persons who are viewed as suspects or potential suspects of criminal behavior. The term is not relevant as it pertains to witnesses, complainants, persons needing assistance, or other citizen contacts.
- 2. Bias Based Profiling:** the selection of individuals for enforcement action based solely on a trait common to a group. This includes, but is not limited to race, ethnic background, gender, sexual orientation, religion, economic status, age, cultural group, or any other identifiable group.
- 3. Race or Ethnicity:** means of a particular descent, including Caucasian, African, Hispanic, Asian, Native American, or Middle Eastern descent.
- 4. Motor Vehicle Stop:** an occasion in which a peace officer stops a motor vehicle for an alleged violation of a law or ordinance. *(Amended on 08-04-2006 C06-20)(Amended on 12/15/2010 C10-13)*

**3-202.02 OFFICER INITIATED REPORTING DATA.** Officers, on or off-duty, who stop motor vehicles for an alleged violation of a law or ordinance and issue a citation or make an arrest will comply with the following:  
*(Amended on 12/15/2010 C10-13)*

- A.** The information required on the I-LEADS arrest module, and/or on a citation (both hard copy and e-ticket) will be completed for each person cited or arrested. In the event that several people are present when making a motor vehicle stop, information will be captured only for those who are cited or arrested. Officers making arrests and/or issuing citations will fill out the following fields:

- C. False Alarms.** If no signs of entry or attempted entry are found, Officers will generate an Alarm Response Notice. A copy of the form will be left at the address of occurrence. The original and all available copies will be forwarded to the Alarm Unit. Officers may, at their discretion, exempt certain causes of false alarms such as extreme weather or power failures. In such cases, an Alarm Response Notice is completed and the cause noted. No copies are left at the scene.
- D. Security Alarm Permit.** In accordance with the current City Alarm Ordinance, Officers will not respond to an alarm call when the address in question does not have a valid Security Alarm Permit issued by the City of El Paso. Exceptions include a duress alarm, a holdup or panic alarm, or a report to the Department by any person with specific information indicating that there is possible criminal activity taking place at the alarm site. Police Communications will verify the City's records for a valid Security Alarm Permit. In cases when a valid permit does not exist for a specific location Police Communications will advise the monitoring company that a police unit will not be dispatched as per Department policy. *(Amended 07-17-2006 C06-08)*

**3-202.08 UNDOCUMENTED IMMIGRANTS.** Officers of this Department may not arrest an individual based on their citizenship status. Probable cause for arrest must exist.

- A. Release.** When Officers determine, through legal means, that an individual is an undocumented immigrant, he or she will be turned over to U.S. Border Patrol.
- B. Requests for Asylum.** Immigrants requesting asylum in the United States will be referred to the U.S. Department of Immigration and Naturalization.

**3-202.09 CIVIL PROBLEMS.** The role of Officers on calls that are civil, not criminal, in nature is to preserve the peace, prevent crimes from occurring, and prevent an escalation of the civil problem. Officers will be objective to all parties. Parties may be advised to seek legal advice or assistance from other social agencies. Cases of repetitive occurrences may be referred to the appropriate PAR Officer.

**3-202.10 ROUTINE BAR CHECKS** *(CALEA 1.2.4 g)*. Officers may conduct routine checks of bars, when time permits, to check the activities of persons within the bars and minimize serious violations of the law. Officers will adhere to the following:

- A. Number of Officers.** Bar checks will be conducted with a minimum of two Officers but no more than that number of Officers reasonably required to ensure Officer and public safety.

Please give a brief description of the incident.

On 4/09/2014 at about 1015 hours, I was at 501 Hawkins visiting my baby boy Levi Leyva, 8 months old at CPS for visititation. I called the police because of the conditions of visiting center, my child was soiled and had not been changed and the lighting was inadequate and I almost fell. The police arrived and the female officer walked up to me. I let her know what had happened. The Officer did not ask me anything, she asked me for my ID and when she looked at it, she asked me if I had a Texas Id. She asked me if I had papers, meaning immigration papers, immigration status. I told her to go ahead and check. She asked me again for my A number and paperwork, but I told her I don't have it with me. She asked me that I needed to have my proper immigration paperwork to show it to her. I felt that the officer had no right to ask me for my immigration papers since she is not immigration. I asked for her name and ID number and her supervisor. She refused to give me that information that I asked for. I asked her again and she got upset and quickly said her name and Id number. I asked her if she could write it down and she said that I could write it down. I asked her male partner and the female Officer told her not to write her information or supervisors name and that I could do it. I asked for a report and the female officer told me that she was not going to do one and if I call 9-11 again, she would take me to jail. I just wanted a report. We walked out and I realized that I didn't have the police officer information. My husband went back to the Officer to get information for the CPS complaint. The female officer said, you want a problem, I'll give you a problem, just like that.

I feel the cop was racist towards me and that she did not help us out in anyway. I just wanted a report for the condition of my child. This Officer was more worried about my immigration status than anything. I

Please give a brief description of the incident.

I was with my wife at the CPS office baby visiting center on Hawkins. My wife called the police because we were having issues on how to file a complaint about the condition of the visiting room. The employees and my wife were arguing about the room. The police got there and I saw the female officer talking to my wife, arguing to my wife about her ID not being from Texas. My wife has a Mexican Consular ID. The female cop was making it an issue that my wife did not have a Texas ID. The female officer was being hostile, telling my wife what her immigration status was and was more concerned about the legal status of why she was here. The female officer acted like she was in the Border Patrol. The female officer was looking for a reason to arrest my wife for no reason. My wife asked for the female Officers name, she said it very quick and my wife asked for the male officer to write her name down, the female officer told the male officer no, that my wife can write it herself. We walked out and then I went back a few minutes later so I could get the Officers name, so they could show that they had contact with the police (for my records), the female officer approached me and asked me if I had a problem, she would give me a problem. I managed to write the Officers names down and I left. My complaint is that the Officer was very unprofessional and was unhelpful.

I do not have any issues with the male officer, he was very helpful and provided me with the information that I was looking for.

I have been advised that I will be questioned as part of an Official Administrative Investigation. I am entitled to all the rights and privileges guaranteed by the laws and the Constitution of this state and the Constitution of the United States, including the right not to be compelled to incriminate myself, in criminal matters. I also have certain rights granted to me by the contract between the City of El Paso and the EPMPOA, and the Civil Service Rules and Regulations.

I have been further advised that if I refuse to testify or to answer truthfully question relating to the performance of my official duties or fitness for duty, I will be subject to Department charges and disciplinary action up to and including termination. If I do answer, neither my statements nor any information or evidence gained by reason of such statements can be used against me in any subsequent criminal proceedings. However, these statements and any information or evidence gained by reason of such statements may be used against me for any other lawful purpose including but not limited to disciplinary action.

My name is Arturo Ramirez and I am employed by the El Paso Police Department as a Police Officer and have been since the date of my commission of **July 31,1998**. I am currently assigned to the MVRC Evening Shift. I have been ordered to give an Administrative Witness Statement to **Detective Falisha Milner #2643** of the El Paso Police Department/Internal Affairs Division and address the following issues:

**I, Arturo Ramirez am under a direct order to disclose any and all information about the case I am being questioned.**

1. *It's documented in a supervisor's log that you spoke to Officer Elizalde on 04/30/2014 regarding allegations brought against her by the complainant Hasabnna Leyva. Please provide a detailed summary of your conversation with Officer Elizalde.*

I took the statements from the involved parties, regarding allegations that Officer Elizalde was acting like an immigration official.

I spoke to Officer Elizalde the next day to advise her of the complaint of her being more concerned with the Complainants immigration status than the concerns that the complainant had called PD for. Officer Elizalde started by saying that she could check for immigration status. She said if people are here illegally, I'm going to call Border Patrol. I advised her that immigration status shouldn't matter and that she should not concern herself with people's citizen status. She seemed to get upset because "these people come over here without papers and complain about free services that they get". She stated that Mexicans just come over to get their free housing, food etc... I told her not to ask about immigration status because immigration is none of our business. She seems personally bothered by immigration issues. I think she agreed with me only to stop arguing. With her personality (abrasive), what the complainant alleged did not surprise me.

2. *Was Officer Elizalde receptive when you told her to stop checking for immigration status? Please explain.*

No, I didn't feel she was receptive. See answer #1 for more details.

3. *Did Officer Elizalde provide an explanation as to why she believed she had jurisdiction in immigration issues?*

Officer Elizalde explanation was that she could check on the immigration status of people and if she found out they were illegal, then she was going to call Border Patrol. I advised officer Elizalde that the procedures manual does allow us to call immigration, if during the course of our job, we discover an undocumented immigrant, but in the call that she had responded to, it was inappropriate, because the Complainant had called. I told her that immigration issues are a "non-issue", it doesn't matter if they are here illegally or not, it is not our business.

She stated that the reporter on the call was an illegal and that illegals have no right to be here in the United States. She then told me that she had immigrated from Germany the "legal way" so if she did it, then everybody else has too. I told Officer Elizalde, that she better stop inquiring or even asking about immigration status on calls because we are not the federal government and we have no business enforcing law we have no jurisdiction. She told me that she understood, but I felt that she just told me that to not argue with me.

4. *Are you aware of any issues or personality conflicts between Officer Elizalde and her probationary partner at the time of the incident, Officer Ruben Escajeda #2971?*

Yes, I am aware of issues and personality conflicts between Officer Elizalde and Officer Escajeda. Officer Elizalde approached me around late 2013, early 2014. I was looking for volunteers to be FTO's because the shift was expected to get new Officers. Officer Elizalde approached me and asked me if she

could be an FTO. I was hesitant, because I know that Officer Elizalde can be difficult, as far as personality, but she assured me that she was getting bored of the patrol routine and wanted a challenge of training a new Officer, so she could "re-motivate" herself as she put it. I decided to give her a chance and had her re-certified as an FTO.

I started noticing problems when she was with another Probationary officer. Officer Almaraz #2965. Officer Almaraz has since left the department to work with Homeland Security. At first everything seemed fine with her and Officer Almaraz. When I would talk to Officer Almaraz he seemed happy and he advised me there were no issues with his FTO. About two/ three weeks working together, I started to notice Officer Almaraz not as outgoing as he was. I asked him if he was OK and he stated that he and his FTO Elizalde were not working well as a team. He advised that she was nitpicking every little action he did, as far as screaming at him for not doing the correct times on the log sheet. Officer Almaraz advised me he understood that he was new and that he needed to learn, but he did not like the way Officer Elizalde was treating him. He complained that she was lazy Officer, that all she wanted to do was do traffic stops to get a 10-98 arrest. I continued to monitor Officer Almaraz to make sure he was going to be fine. I think not to cause issues, he started to tell me that everything was fine; he was not going to cause waves and was going to do his best to complete his probation. I would speak to Officer Elizalde, and she would tell me that Officer Almaraz was lazy and that he could not do simple task, like fill out the log sheet. She was calling Almaraz a rock, because she wanted the times rounded off as far as the time dispatched and when closing out the call. I guess he was having a hard time or not doing it to her liking. I told Officer Elizalde that I didn't think not filling out a log sheet "exactly" as she wants is not him being a "rock", I was more concerned with the Officer doing field work and contacts than to nitpick minor issues on the log sheet. I know how Officer Elizalde can become focused on a minor issue and make it a bigger deal than it has too. I told Officer Almaraz to stay focused and not to get discouraged.

Two months passed, and the FTOS and Rookies were rotated. Officer Almaraz was happy to be with a new FTO Officer Gonzalez #1845. I decided to put Officer Escajeda with Officer Elizalde, since after talking to him and getting to know him better, he seemed mature and squared away. He had worked as a corrections officer for 10 years and had worked at Socorro PD as an Officer prior to joining our department. At first, once again, everything seemed fine. Officer Elizalde even approached me about two weeks with Officer Escajeda and told me that Escajeda already had the experience and could be on his own. I told her and Officer Escajeda no, because he had only been on a little over two months. I told Officer Elizalde that I respected her view that Officer Escajeda was ready to go solo. After a few weeks, I began to notice Officer Escajeda not to be happy at being at work. I spoke to him and he advised me that Officer Elizalde was a very hostile FTO, that she was lazy and that she would yell and scream at him for nothing. She would not eat during the shift, and since she did not get along with other Officers on the shift, she would rarely go to other officer's calls. Officer Escajeda advised me that Officer Elizalde would only do traffic stops, looking for 10-98's or impound vehicles. She would rarely go to calls. He advised that he was

getting tired of doing the same thing over and over. I told Officer Escajeda to be patient and that he would be getting another FTO. I told him part of the FTO program is to get different FTO to get different viewpoints and to get the good and bad of working with different Officers. When I approached Officer Elizalde to ask her how Officer Escajeda was doing, she would tell me that he was lazy and unmotivated. I knew better than to believe her, since Officer Escajeda first FTO spoke highly of Officer Escajeda. Officer Elizalde also told me that she had told Officer Escajeda not to be on his cell phone, because according to her, he was always checking it. I told Officer Elizalde, that I had specifically told Officer Escajeda to get keep his phone on him and check for texts from me, because Officer Elizalde had told me that she did not like that I would text her on duty. She told me that she was on a limited text plan and did not want me to waste her text, when I can just call her. I told her that I would get a hold of her or Officer Escajeda through text if I needed them. She got argumentative that rookie Officers should not even have their phones in the car with them. I disagreed and told her that the phones are a supplemental tool for us and that he (Officer Escajeda) was told by me to have his phone on him. I use text messaging to notify officers of their court, or to call me when available or ask simple questions about the call they are on. I have also used text messaging to get a hold of officers when they do not answer the police radio or inquire about a call. She was not happy that I allowed the Officer to use, and by use I mean check for messages.

Initially, I thought with Officer Almaraz, that perhaps it was a personality issue. But the second time, Officer Escajeda basically told me the same issues that he was having with Officer Elizalde. Since finishing with Officer Escajeda, I will no longer allow Officer Elizalde to train new officers of the EPPD. I am currently the FTO Sergeant for the shift.

5. *Has Officer Escajeda ever mentioned that he could not work or did not wish to work with Officer.*

I would talk to all the probationary officers a little after shift meeting to see how they were doing or if there were any issues going on with them. Officer Escajeda is a quite Officer to begin with, but he seemed even less so when he was with Officer Elizalde. The times I would ask Officer Escajeda how he was doing, he would start to talk, such as "well" then he would stop and tell me that everything was fine and that he was not going to cause issues. He would mention that Officer Elizalde was difficult to work with and if he could work with another FTO. I could tell that he was not happy being with FTO Elizalde, but I had no other FTO's available at the time. I advised Officer Escajeda that the FTO program was for him to be exposed to different FTO's with different policing work ethics.

6. *Do you have any other information to add that may not have been covered by questions during the interview that is relevant or important to this investigation?*

Officer Escajeda is a mature Officer on the shift. His age and prior experience have given him many skills to deal with the public. I have received no complaints

from citizens or other officers on the shift regarding his professionalism or personality.

7. Please identify any other persons who might have information relative to this investigation? Just the officers that were working with me that night.

Ex-PD Officer Isidro Almaraz Cell Number is 3 - Emp Personal Info

Should you remember any relevant information, you are ordered to immediately notify the Internal Affairs Division and provide them with the information. If it is after hours, then no later than the next working day to an IAD supervisor. FAILURE TO COMPLY WITH ANY OF THE DIRECTIVES ABOVE CAN RESULT IN DISCIPLINE.

I HAVE READ THE ABOVE STATEMENT AND FIND IT TO BE TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE. DETECTIVE FALISHA MILNER #2643 GAVE ME THE OPPORTUNITY TO REVIEW THIS STATEMENT AND I DO NOT WISH TO ADD OR CHANGE ANYTHING.

My name is Ruben Escajeda and I am employed by the El Paso Police Department as a Police Officer and have been since the date of my commission of (February 10<sup>th</sup> of 2014). I am currently assigned to the MVRCC. I have been ordered to give an Administrative Witness Statement to Detective Falisha Milner #2643 of the El Paso Police Department/Internal Affairs Division and address the following issues:

**I, R. Escajeda 2971 am under a direct order to disclose any and all information about the case I am being questioned.**

1. Do you stand by the sworn statement that you provided on August 20<sup>th</sup> 2014? Yes
2. Do you acknowledge having a copy of the statement during this interview? Yes

3. Please explain your knowledge of what Racial Profiling is? When a law enforcement officer takes a certain action based on the subjects race or ethnicity and not on the criminal action at hand. Or treating someone different because of their race and using authority to enforce or intimidate.
4. Based on your previous statement in question 35, you indicated that you recall several citizens that you and Officer Elizalde dealt with during the course of your duties who complained about the way that she treated them because they spoke Spanish. Please review your log sheets and highlight the calls and involved parties that complained to you. Log sheets provided and incidents were highlighted.
5. Please provide a synopsis of what occurred on the individual calls that you believed to be racial profiling. The first incident was on 04/23/2014 (14-113148). When the subject was stopped Officer Elizalde checked the subject for outstanding traffic warrants. The subject was confirmed in having several outstanding traffic warrants. I noticed that officer Elizalde was raising her voice at the subject when she would address him. At no time did I notice the subject become aggressive or show any violent behaviors towards officer Elizalde. When officer Elizalde walked away from the subject I approached him and asked him why the officer was yelling at him. He personally told me that officer Elizalde had threatened him and told him that she was going to call border patrol if he did not come up with the money to pay for his warrants. The subject was at no time aggressive and his demeanor was calm and very polite while he addressing officer Elizalde and myself. He also stated that she made several comments to him about his nationality, I cannot recall the comments. The second incident was on 04/29/2014. Officer Elizalde and I were dispatched to the CPS building in reference to a subject disturbance. Arriving, we met with the complainant. Complainant was upset at the facility. Officer Elizalde then asked the complainant to show some sort of identification. The complainant showed to what I believe was a Mexican ID. Officer Elizalde then told her that wasn't a valid ID. At this point the complainant and officer Elizalde started arguing about the identification. They were yelling back and forth at each other. The complainant's mother and boyfriend were there and started to intervene. At this point I separated the mother and the boyfriend away from the complainant and officer Elizalde. Officer Elizalde started treating the complainant differently because of her Mexican ID that she provided. We as peace officers were there to keep the peace on a civil matter and not to discuss identifications and nationalities. The third incident was on 05/29/2014. We were dispatched to the Kennedy housing complex on a civil issue. On the way to the specific call officers Elizalde was commenting on how illegals come into this country and leach off the government and end up living in housing for free. This conversation was one of many that she would express. Arriving to the complex, we met with a subject that had been evicted and all he wanted was his property back. Officer Elizalde initiated first contact with the subject, the subject proceeded to explain his situation in Spanish to officer Elizalde. This is when officer Elizalde told him to talk her in English. The subject then told her that he did not know any English. I was standing behind officer Elizalde and I clearly heard her tell the subject, "DON'T BE CALLING THE POLICE IF YOU DON'T KNOW ANY ENGLISH". Then she walked away from

him, as she walked away she passed by me and told me "YOU WANNA HAVE PITY ON HIM?" At this point I approached the subject and told him that I personally heard the comment that officer Elizalde made. I instructed the subject to go the Mission Valley Police Station and submit a complaint. I also gave the subject my name, officer Elizalde's name and told him to go speak with Sgt. Ramirez. To also let him know that I personally witnessed the comment that was made. After the fact, the subject was then advised that he would need to meet with the housing management to address his problem. Officer Elizalde and I then met with the manager and instructed her that the subject only wanted his possessions.

6. In your previous statement, please answer question #7 regarding why you perceived the conversation that Officer Elizalde had with the complainant to be arguing? Both the complainant and officer Elizalde were raising their voice to the point of yelling at each other. Yes, when we first arrived the complainant was upset but she was only expressing her concern about the welfare of her child. It was not until officer Elizalde made the Mexican ID an issue, this is when the complainant felt offended and became defensive toward officer Elizalde. Officer Elizalde should have controlled her emotions and exercised patients. Due to the complainant showing a Mexican ID, officer Elizalde let her personal biases get in the way.
7. Do you have any personal issues with Officer Elizalde? If so please explain. I don't have any personal issues with Officer Elizalde. What I have is a different perspective on what she stands for and how she represents the department. Every time she disrespected someone or mistreats someone because of their race or ethnic background, little by little I lost respect for her. When she abuses her authority and belittles people, she represents the department in a negative and unethical way. When the citizens, civilians and constituents are getting mistreated or disrespected by Officer Elizalde, they don't see the person that's mistreating them, they see the uniform and the department that she is representing.
8. During the time that Officer Elizalde was your FTO, did she reprimand or speak to you about excessive use of your cell phone while on duty? If so did it affect the working relationship that you had with her? Yes she did, she got really upset when I told her that Sgt. Ramirez had authorized me to use my cell phone in case he needed to contact us, which he did in several occasions. After I questioned her authority she became really upset and started treating me differently. She became really hostile and aggressive in her ways. She only wanted things done a certain way and was very particular on how she wanted things done.
9. While on duty, what is your understanding of when officers can use their personal cell phone? When needed, as long as it does not interfere with the patrol duties. I was also instructed by Sgt Ramirez to have my personal cell phone on me at all times. He explained that officer Elizalde does not like to use her cell phone and he was going to call my cell phone as a point of contact. I explained to officer

Elizalde that on my first day of work I signed a contract issued by the Commander that I am allowed to use my personal cell phone on duty, as long as it does not get abused or get in the way of my patrol duties. Officer Elizalde did not approve of me questioning her authority and started acting differently toward me.

10. While riding with Officer Elizalde, did she not allow you to take a lunch break? If so did that affect the working relationship that you had with her? Yes, she did allow for a lunch break. She told me that we could take a 30 minute lunch break or have a 15 minute break but not both. Officer Elizalde does not take a 30 minute lunch or a 15 minute break. I being under her supervision was not going to do any differently than what she does.
11. How did Officer Elizalde treat you as her probationary officer? And were you intimidated by her? Please explain. She treated me well for the most part. I was not really intimidated by her but at the same time I didn't want to cause any problems with her. Going against her wishes or disagreeing with her could have made my 2 month riding with her very uncomfortable. I tried my best to avoid arguments and disagreements with her. When she insulted Mexican nationals, I being Hispanic would feel offended too. Taking in consideration that I was a new officer to the department and being on probationary status, I would swallow my pride and not make any waves.
12. If you had concerns or issues with the way that Officer Elizalde was treating Spanish speaking people or the threats that she made against them, did you ever attempt to bring it to her attention in any way? No, I did not want to upset her in any way, shape or form. Being a probationary officer, I do not have a leg to stand on. I knew that if I went against her opinion or disagreed with her on an issue it was going to be a difficult and a long 2 months. Yes, I did work in previous departments before coming to EPPD and I do know the difference between right and wrong. On the other hand, I am not familiar with how officers conduct themselves here in this department. When I was with officer Elizalde it seemed to be the norm for her to mistreat people of a different race. She and others knew about the multiple complaints that have been reported in the past and here she was, put in a position to teach probationary officers. What was I suppose to learn, how to discriminate people and get away with it for so many years. I did my best to document certain incidents and bring them to light when asked to do so. Incidents were documented and were presented to Detective Milner upon request.
13. On your previous statement please clarify your answer in question 15 by explaining how Officer Elizalde was being intimidating or how she was provoking the complainant. It was obvious that she was using the uniform and her authority to intimidate the complainant. I didn't see or hear much but I did notice Officer Elizalde raising her voice to the point of screaming to the complainant as she stood in a defensive manner, placing her right had on her holstered weapon.
14. On your previous statement, in your answer to question #1 you indicated that the complainant started raising her voice after being told it was not a valid id. Was

Officer Elizalde's reaction to the complainant (arguing) a result of the way the complainant was speaking to her? Yes, but on the other hand, that is a normal reaction for officer Elizalde. Arguing and yelling is officer Elizalde's reaction to most complaints. On the daily basis, we encounter upset complainants. What she doesn't realize is that it's the officer's duty to defuse the situation and to prevent it from escalating.

15. On your previous statement question 31, you acknowledged that you witnessed Officer Elizalde making racial slurs or racial jokes; please explain in detail what she specifically said and why it was racial to you? On the daily basis she would comment of illegal immigrants coming into this country and living on welfare and food stamps. She would explain on how disgusted she was with people living in the housing projects and not trying to better themselves. When we would go to a call in the housing projects she would treat people differently when she found out they were from Mexico. She would not acknowledge them if they didn't speak English. If they did now English she would ask for identification and talk down to them. On several occasions she would make it an issue when subjects would show a Mexican consulate ID. She would change the matter of the call and make it into an argument about appropriate identification. When the reporting party would question her she would raise her voice and threaten them with calling border patrol or giving them some sort of citation. She would always laugh and criticize when we would see a young mother with several children and she would say that they were all probably living on welfare.
16. Do you have any other information to add that may not have been covered by questions during the interview that is relevant or important to this investigation? On several occasions, officer Elizalde made comments on illegal immigrants coming to this country and leaching off of the government. She would talk with so much anger and disgust when she would comment about people living on welfare and housing. On one event that I recall, she was talking about all the complaints that she had gotten in the past. One in particular was when she called a co worker the "N" word. The way she explained it was sort of bragging in a way. She started by saying that she was working in a certain division that she hated and would do anything to get out of there. She said that her getting complained on was the best thing that could have happened to her. They were doing her a favor by removing her from a position that she hated so much. Also, during my 2 months with her, I would have to say that at least 99% of the times, people that she would pull over were of Hispanic decent. She would also not call out on the radio and advise dispatch or other officers that she was conducting a traffic stop. She would quickly pull over the subjects, cite them and release them.
17. Please identify any other persons who might have information relative to this investigation? Officer Chavira, E. Almaraz and Sgt Ramirez.

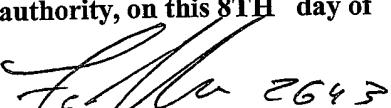

Should you remember any relevant information, you are ordered to immediately notify the Internal Affairs Division and provide them with the information. If it is after hours, then

no later than the next working day to an IAD supervisor. FAILURE TO COMPLY WITH ANY OF THE DIRECTIVES ABOVE CAN RESULT IN DISCIPLINE.

I HAVE READ THE ABOVE STATEMENT AND FIND IT TO BE TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE. DETECTIVE MILNER GAVE ME THE OPPORTUNITY TO REVIEW THIS STATEMENT AND I DO NOT WISH TO ADD OR CHANGE ANYTHING.

I have been advised that I will be questioned as part of an Official Administrative Investigation. I will be asked questions specifically directed and narrowly related to the performance of my official duties or fitness for office. I am entitled to all the rights and privileges guaranteed by the laws and the Constitution of this state and the Constitution of the United States, including the right not to be compelled to incriminate myself, in criminal matters. I also have certain rights granted to me by the contract between the City of El Paso and the EPMPOA, and the Civil Service Rules and Regulations.

I have been further advised that if I refuse to testify or to answer truthfully question relating to the performance of my official duties or fitness for duty, I will be subject to Department charges and disciplinary action up to and including termination. However, these statements and any information or evidence gained by reason of such statements may be used against me for any other lawful purpose including but not limited to disciplinary action.

My name is Ruben Escajeda and I am employed by the El Paso Police Department as a Police Officer and have been since the date of my commission of **February of 2014**. I am currently assigned to the **MVRC**. I have been ordered to give an Administrative Witness Statement to **Detective Falisha Milner #2643** of the El Paso Police Department/Internal Affairs Division and address the following issues:

**I, Officer R. Escajeda 2971 am under a direct order to disclose any and all information about the case I am being questioned.**

1. It's documented that you and Officer Martina Elizalde #1817 responded to 501 Hawkins on or about April 29<sup>th</sup> 2014 at approximately 1023hrs in reference to a disturbance call at the CPS office. Please explain what was reported to you on this call by the complainant. We were dispatched to a subject disturbance at the CPS Office. Upon arriving we met with the CPS worker which stated that the

complainant was acting aggressive towards staff and was highly upset because of the facility. I then went to talk to the complainant and she did seem highly upset because of the facility and was stating it was unsafe for her baby. Officer Elizalde asked the complainant for her ID. Complainant then provided some sort of Mexican ID, at this point I heard Officer Elizalde tell her that wasn't a valid ID. Complainant got upset and started raising her voice at Officer Elizalde. Boyfriend and the mother of the Complainant were outside the room and noticed the Complainant getting upset and they too started raising their voices. This is when I stepped out of the room to calm them down to keep the incident from escalating. Before leaving the room I did hear the Complainant asking for Officer Elizalde and badge #. I then heard Officer Elizalde tell her that she was not going to give it to her and that she did not need it. Due to the fact that I was outside the room talking with the other parties I was not able to hear the conversation between Officer Elizalde and the Complainant. I had then instructed the boyfriend, mother and the Complainant that they could have to go through the appropriate channels by complaining to CPS on the maintenance of the CPS building. Parties involved were instructed to file through the CPS grievance procedure and were advised that the issue at hand was not necessary a police issue and that were there only to keep the peace.

2. Explain your observations of the complainant's demeanor. Complainant was upset and worried for her baby's welfare.
3. Did you observe the complainant give Officer Elizalde a Mexican Consular ID? Not exactly sure if it was a Mexican Consular ID but it was some kind of Mexican ID.
4. Did you hear Officer Elizalde ask the complainant for a Texas ID? If so, what did the complainant say? No, I did not hear her ask for a Texas ID.
5. Why did Officer Elizalde need a Texas ID? What additional information did she need that the Consular ID did not have? I'm not sure what her intentions were.
6. Was Officer Elizalde arguing with the complainant? Yes
7. Why do you perceive the conversation that Officer Elizalde had with the complainant to be arguing?
8. Did you hear Officer Elizalde ask the complainant if she had papers, meaning immigration papers? Did she ask for any specific numbers from the complainant's papers? I did not hear that part of the conversation
9. How many times did Officer Elizalde ask for the complainant's paperwork? No sure

10. Did you hear the complainant ask Officer Elizalde for her name or badge number? If so how did Officer Elizalde respond? Yes, Officer Elizalde refuse to give her name and badge #.
11. Did Officer Elizalde tell you "not" to write her name and badge number down and that the complainant could write it down herself? Or something to that effect? I do not recall, I do recall giving the complainant and her boyfriend my name and officer Elizalde's name, I do remember the boyfriend wrote down the information provided.
12. Did the complainant ask Officer Elizalde to generate a report? If so, what was Officer Elizalde's response? I do not remember the complainant asking for a report.
13. Did you hear Officer Elizalde tell the complainant that if she called 911 again she would take her to jail or something to that effect? No
14. Did you hear Officer Elizalde tell the complainant or her husband that if they want a problem she will give them one or make a comment something to the effect? No
15. Did you see Officer Elizalde speaking to the complainant in a way to intimidate or provoke the complainant? Yes
16. Based on your observations, did Officer Elizalde try to resolve the problem that you were being dispatched to or was she informative to the parties involved? if so explain how. Officer Elizalde tried to resolve the problem by intimidation and she was not informative whatsoever. Officer Elizalde has stated to me that in several occasions she calls border patrol on illegal's that give her a hard time.
17. Do you have knowledge of a specific call or citizen encounter where Officer Elizalde has called Border Patrol for an illegal who was the subject of a criminal investigation? Yes, one citizen that we arrested for traffic warrants and he stated to me that she threaten him that if he didn't pay the fines she would call BP. She instructed me to arrest the citizen for traffic warrants. Case is recorded on I-Leads #14-113148.
18. Based on your observations of Officer Elizalde and the complainant, was Officer Elizalde more concerned about the complainant's immigration status than the issue that she was reporting? Its obvious that her concern was then immigrant status, she had such a concern for it that her and the complainant were arguing to the point of upsetting the boyfriend and grandmother. More concerned about the complainant's immigration status.

19. How long had you been on patrol at this point and how often did you ride with Officer Elizalde? After I graduated I spent 2 month with my first FTO then it was officer Elizalde. Approximately 3 months

20. Did you interview any other witnesses at the scene? if so what did they tell you? I talked to the boyfriend, at first he was calm until he reacted to the way officer Elizalde was talking to the Complainant.

21. Did Officer Elizalde give you any specific instructions while at this scene or intimidate you from handling this call in a different way? No

22. Were you able to make decisions on your own during this call? Yes

23. Did Officer Elizalde appear to be angry while dealing with the complainant? Explain her demeanor? Rude, unprofessional, intimidating. Officer Elizalde was demanding to see an ID that was appropriate to her standards. I noticed that instead of calming the situation she was provoking by talking down to the complainant in a demanding manner and raising her voice.

24. You stated you didn't hear the whole conversation, explain what you specifically mean by talking down to her? When the complainant handed the ID to officer Elizalde, officer Elizalde's tone of voice was rude. She raised her voice and told her in a loud, rude tone and told her that wasn't a valid ID.

25. Did you and Officer Elizalde discuss anything about this call after leaving the call? Please explain. Like every other call we went to, she would always complain about illegals being in this country without documentation and she's would always say she's fed up with it. In several occasions she stated that, "if I did it the right way so can they".

26. Was there anything that bothered you in the way that Officer Elizalde spoke to the complainant or anything that bothered you regarding the way that she handled this call? Yes, everything bothered me about the way she handled the call. She was rude unprofessional and was reacting by applying her own personal opinion about the complainant. As a senior officer that should be leading by example she should be fair and impartial when dealing with the public. She escalated an issue that could have been quickly resolved without no complaints. I, a probationary officer had to deescalate a situation that could have been avoided and that was created by a veteran, senior officer. Her unprofessionalism and racial remarks can get someone hurt.

27. Was there any indication that the complainant did not want to talk to Officer Elizalde because she is not Hispanic? No

28. Did Officer Elizalde check or tell you to check the complainant's immigration status? No, she did not check the complainant's immigration status nor did she tell me to do it.

29. Do you have knowledge of Officer Elizalde checking any other citizen's immigration status or have you been trained or instructed to do that? She has admitted to me in the past that she has called border patrol on people that she believes are illegal and told me there was nothing in police stating otherwise.

30. How long have you worked with Officer Elizalde as a probationary officer? I was assigned to her for 2 months.

31. During the time that you've worked with Officer Elizalde has she made any racial comments, racial slurs, remarks and or jokes in the course of her duties? If so did anyone else witness this? She made several racial remarks, comments and jokes about illegal immigrants to me. Officer Chavira and Officer Almaraz, (Officer Almaraz left to CDP and no longer is the department). They would also work with officer Elizalde on occasion and they also witnessed the same.

32. What did you do prior to joining the police department? What is your understanding of racial profiling? From 2001 to 2011 I was employed by the TX. Department of Criminal Justice as a correctional officer. From 2011 to 2013, I was employed with the Socorro Police Department where I personally witnessed corruption within the department and worked hand in hand with FBI and Texas Rangers to produce evidence that lead to several arrests, to include 1 Lieutenant, 1 Sergeant, 2 Detectives and 1 Officer. My past work experience has taught me the understanding of racial profiling and unethical behavior.

33. If you witnessed unethical conduct from Officer Elizalde, why didn't you notify a supervisor or senior officer? Fear of retaliation by her and other officers, being a probationary officer I don't want to cause any issues within the department that may affect my career.

34. Have any of your other FTO's acted in the same manner if a citizen produces a passport, Mexican Consular identification? NO, everyone on my shift and that I have worked with are very professional and handle calls accordingly.

35. Do you have any other information to add that may not have been covered by questions during the interview that is relevant or important to this investigation? This is not the first racial complaint on officer Elizalde. Several citizens that we dealt with during our course of duty would complain to me about the way she would treat them because they were Spanish speaking. On one occasion I recall she told a subject not to be calling the police if he didn't know any English, then she walked away and told me to have "pity on him". On a second occasion she cited an elderly female that did not speak English. The female asked officer Elizalde to explain the citation to her before she signed it because she did not know how to read in English. I then witnessed officer Elizalde refuse to explain the citation and took out her handcuffs and showed them to the elderly female and

told her to "sign or else". Case # 14-113148, the subject that was arrested for traffic warrants admitted to me that officer Elizalde told him that he needed to pay all the fines or if not she was going to call BP.

36. Please identify any other persons who might have information relative to this investigation? Management at the CPS office. Officer Elizalde told them that the complainant got upset because she was questioned on the ID that she provided.

Should you remember any relevant information, you are ordered to immediately notify the Internal Affairs Division and provide them with the information. If it is after hours, then no later than the next working day to an IAD supervisor. FAILURE TO COMPLY WITH ANY OF THE DIRECTIVES ABOVE CAN RESULT IN DISCIPLINE.

I HAVE READ THE ABOVE STATEMENT AND FIND IT TO BE TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE. DETECTIVE LEE GAVE ME THE OPPORTUNITY TO REVIEW THIS STATEMENT AND I DO NOT WISH TO ADD OR CHANGE ANYTHING.

However, these statements and any information or evidence gained by reason of such statements may be used against me for any other lawful purpose including but not limited to disciplinary action.

My name Jose Chavira #2969 is and I am employed by the El Paso Police Department as a Police Officer and have been since the date of my commission of Feb. 10, 2014. I am currently assigned to the Mission Valley Command Center. I have been ordered to give an Administrative Witness Statement to Detective Falisha Milner #2643 of the El Paso Police Department/Internal Affairs Division and address the following issues:

**I, Jose Chavira #2969 am under a direct order to disclose any and all information about the case I am being questioned.**

1. Please explain your knowledge of what racial profiling is.  
Racial profiling is taking any action based on a person's race or ethnic background; also based on any other biases or beliefs the person committing the racial profiling has against any group of people.
2. How often have you worked full crew with Officer Elizalde?

I have worked with Officer Elizalde 5 or 6 times, not on consecutive days only when my assigned FTO took the day off.

3. During the time you were full crew with Officer Elizalde did you witness her racially profile any person during the course of her duties.

I did observe Officer Elizalde racially profile one individual on a day I worked with her. We got dispatched to a welfare check, as we arrived we met with the reporter who was asking for assistance on the wellbeing of his daughter. The reporter did not speak Spanish and Officer Elizalde asked for an ID. The reporter presented an old expired Community College ID and Officer Elizalde told the reporter the ID was false and walked away towards the reporter's van. I continued to talk to the reporter to tend to the welfare check he requested. Officer Elizalde returned to where the reporter and I were standing and asked the reporter where his driver license was and that if he did not have a DL that why was he driving. The reporter told Officer Elizalde he was not driving and said he was calling for something else. Officer Elizalde asked me to walk with her to the van and on the way she told me everything was "bullshit" that the plate on the van was fake and that the reporter was illegal and that she would call immigration on him. We both returned to the reporter and Officer Elizalde told the reporter she needed a valid ID or she would call immigration on him. The reporter told Officer Elizalde he was aware of his immigration status and that he did not care if we called CBP but he asked if we could do a welfare check on his daughter first. Officer Elizalde told the reporter to go to his daughter's residence which was several houses down the street. I asked Officer Elizalde if he wanted me to place the reporter inside our unit or if she wanted him to walk over to the house. Officer Elizalde replied that neither, that she wanted the reporter to drive his van over to the house so she could see him driving and issue him the citations. The reporter refused to drive and Officer Elizalde, who was already sitting inside our unit, exited the unit yelling at the reporter to stop bullshitting her that he was driving that van to get into the van and drive to the house. The reporter looked at me and said he was not going to get into the van and asked why she was acting in that manner with him. Finally Officer Elizalde agreed to allow the reporter to ride on our unit. We drove to his daughter's house and we spoke with the ex-wife and the daughter of the reporter. The daughter was doing fine; the ex-wife had told the reporter the daughter had [REDACTED] multiple times just to get the reporter's attention. We advised the ex-wife accordingly and I asked Officer Elizalde if she would allow the reporter to see his daughter. Officer Elizalde stated no that the kid was fine that he had to leave. We drove the reporter back to his van and Officer Elizalde took the paper plates the van had and left the van without any plates and told the reporter to drive away. The reporter seemed hesitant about driving the van without a license plate but Officer Elizalde was adamant that the reporter drove his van away or she would tow the van. Officer Elizalde kept the license plate and I am uncertain what she did with it.

4. Have you witnessed Officer Elizalde refuse to assist someone because they did not speak English? Please explain.

I have not seen Officer Elizalde refuse to assist someone because they did not speak English maybe because I speak Spanish and I would take the lead on

talking to the non-English speaking individuals we encountered and translated the conversations we had for her.

5. Have you witnessed Officer Elizalde call Border Patrol on someone because they were uncooperative with her?  
I have not witnessed Officer Elizalde call Border Patrol on anyone.
6. Have you witnessed Officer Elizalde actually call border patrol to check an individual's immigrant status.  
I have not witnessed Officer Elizalde call Border Patrol on anyone.
7. Do you have a personal problem with Officer Elizalde?  
I do not have any personal problems with Officer Elizalde. I do not agree with some of her practices i.e. the instance mentioned above, but due to my position as a probationary officer I decide to steer away and not create more problems by confronting her.
8. Explain your knowledge of Officer Escajeda and Officer Elizalde's working relationship.  
Officer Escajeda would repeatedly and frequently tell me of how he did not like working with Officer Elizalde due to her racial profiling and I could see and hear how they both had negative friction between them. I would hear Officer Elizalde yell or discipline Officer Escajeda in front of other co-workers. While working with Officer Elizalde she did mention to me that she did not like Officer Escajeda because he was lazy and would not do what he was told to do.
9. Have you ever heard Officer Elizalde make negative or biased comments in reference to an individual's immigrations status or because they don't speak English.  
Once during normal conversation Officer Elizalde did mention something to the fact that if people are coming over to the United States they should learn English. That she was going to travel to Mexico and expect people over there to cater to her in English.
10. Have you observed Officer Elizalde refuse to accept a Mexican identification card as a valid form of identification?  
I have not observed Officer Elizalde refuse to accept Mexican identification cards as a valid form of identification.
11. Have you witnessed Officer Elizalde make racial jokes, derogatory comments or use racial slurs?  
I heard her say once in a conversation I had with her that "all these people are stupid" that they come over and live off the government. On that instance I told her I was also Mexican and she stated yes but you obtained your papers and you are working.
12. Have you witnessed Officer Elizalde focus on a person's immigration rather than the call you were dispatched to?

The incident mentioned above. Officer Elizalde did not focus on the welfare check that we were dispatched to but was actually more focused on the wrongdoings of the reporter due to the fact that he was illegal and did not speak Spanish.

13. Have you ever had to deescalate a situation while working with Officer Elizalde?  
I haven't had to deescalate a situation while working with Officer Elizalde.

14. Did you ever mention to Officer Elizalde that you did not agree with the way she was handling calls.  
I have not mentioned to her I do not agree with her practices because of the status I have on this department. As a probationary officer I do not want to create any problems with other officers.

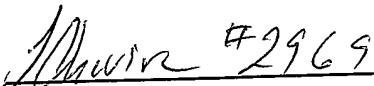

15. Do you have any other information to add that may not have been covered by questions during the interview that is relevant or important to this investigation?  
I do not have any other information relevant to this investigation.

16. Please identify any other persons who might have information relative to this investigation?  
The only other person would be Officer Escajeda.

Should you remember any relevant information, you are ordered to immediately notify the Internal Affairs Division and provide them with the information. My name is **Martina Elizalde** and I am employed by the El Paso Police Department as a Police Officer and have been since the date of my commission of 10/16/1996. I am currently assigned to the [MVRC]. I have been ordered to give an Administrative Statement to **Detective Falisha Milner #2643** of the El Paso Police Department/Internal Affairs Division and address the following issues:

**I, Martina Elizalde am under a direct order to disclose any and all information about the case I am being questioned.**

1. On or about 04/29/2014 you and Officer Escajeda were dispatched to 501 Hawkins in reference to a subject disturbance, where you met with the complainant Hasabnna Leyva. Please provide a detailed summary of your involvement with this complainant. When we arrived at the address, we were escorted into the back of the building by one of the CPS workers. We were told that the COMPLAINANT, Ms. Leyva, was back there visiting with her baby. When I walked down the hallway, I could hear a female yelling at someone else. When I arrived at the visitor room, the CPS worker identified Ms. Leyva (who was doing the yelling) as the one who called the police. I went up to Ms. Leyva and asked her how I can help her. Ms. Leyva, agitated and in a loud voice, immediately told me that she was going to file charges on CPS because these facilities were filthy and CPS is putting her baby at risk having dirty toys and generally unclean, unhealthy facilities. The room we were in had a lazy chair and towards the back it had a viewing window and a small play area for children with toys and a small table and chairs. I asked Ms. Leyva repeatedly to show me the dirty toys she was talking about but each time she either ignored me or went on to another subject of how she tripped and almost fell when the light turned off in the room and she had her baby in her arms. I never got Ms. Leyva to show me a filthy toy (one of the main complaints). I also briefly looked at the toys and the play area and everything looked very clean to me. Ms. Leyva wanted to press charges against CPS but I kept telling her that no crime had been committed and that she would have to lodge a complaint through their sources. Ms. Leyva would not listen and kept up her complaining about CPS and how they took her baby and how they were putting her baby at risk just being in those facilities. By that time I already established that this was a civil problem and for the log sheet, I asked Ms. Leyva for her ID. Ms. Leyva handed me a Mexican consulate ID Card. Knowing that this ID card is being issued by the Mexican Consulate to illegal aliens, I asked Ms. Leyva if she was here illegally. Ms. Leyva immediately started yelling at me saying that she had papers to prove that she was in this country legally and that I am prejudiced against her. While I wrote down her information, I advised Ms. Leyva that if she had papers that she needed to have them with her at all times. This I know because I came to this country with a green card and was told repeatedly by immigration that I HAD to have that ID with me always. While

talking to Ms. Leyva, I had to raise the volume of my voice several times because she would not stop yelling about suing and complaining about everyone in here.

At one time while we were standing in the visitor room, the light turned off. Ms. Leyva yelled and said that this was very dangerous and how she could have tripped and hurt herself and the baby. I stepped outside across the small hallway into another room and talked to a CPS employee about the lights. Apparently the lights worked off a motion sensor and when there's not much movement in the room for a certain amount of time, the lights turn off. The CPS employees agreed that this could be a problem and said that it would be corrected. While I was talking to the CPS worker, Officer Escajeda was talking to Ms. Leyva. Ms. Leyva would not hear that we were not going to do something about CPS and demanded to know my name. I told her at least twice and also told her my ID number and she could see my name tag because she was standing facing me. The CPS workers also kept telling Ms. Leyva about the procedure to file a complaint against them. After that Officer Escajeda and I walked out, followed by Ms. Leyva and her (presumably) husband. When outside the building, Officer Escajeda and I were approached by Ms. Leyva's husband who held a notebook and pen. He was very polite and asked us our names and ID numbers, which we gave to him and he wrote it down. He and Ms. Leyva then drove away.

2. What was her main complaint regarding the reason(s) that she called police to the scene and how was that issue handled?

To complain about CPS; the employees, the facilities and how she was being treated by them. We (I) advised her as good as we could.

3. Did the complainant ask you to file a report for her? Please explain.

No. She kept saying that she wanted to file charges against CPS and I kept telling her that nothing criminal happened and that she needed to file a complaint through their channels.

4. What type of identification card did the complainant give you?

Ms. Leyva handed me a Mexican Consulate issued ID Card.

5. Did you tell the complainant that her identification card was not valid and did you request a Texas I.D? If so explain why.

Knowing this type of ID card is being used mostly by illegal aliens, the only question I asked Ms. Leyva was if she was here illegally and if she had a TX ID Card.

6. Did you question the complainant's immigrant status after seeing her Mexican Consular Identification Card? If so for what reason and explain how it was relevant to the reason(s) you were dispatched.

Yes, I asked her once about her status. I wanted positive and correct information for my logsheet and for a possible report (at this time I did not have enough information about this whole situation and was unsure about if I was going to document anything).

7. Did you request to see the complainant's immigration papers? if so why and how were they relevant?

No. After she told me that she had papers, I only advised her that she had to have them with her at all times.

8. Explain your intentions for inquiring about her immigration status.

There was no intention about inquiring about Ms. Leyva's legal status. I usually ask the same ONE question when someone hands me that type of ID and they are being hostile or uncooperative.

9. Did the complainant ask for your supervisor's name? If so did you provide that information to her?

No. Ms. Leyva did not ask for my supervisor's name.

10. Did the complainant ask you for your name and badge number? If so did you provide that information to her?

Yes. I provided her with my name and ID at least twice verbally and then gave the same to her husband, who wrote it down.

11. Did you yell or raise your voice while dealing with the complainant?

Yes. I had to raise my voice several times because Ms. Leyva was so loud and that was the only way Ms. Leyva would quiet down for a few seconds to listen to what I asked or told her.

12. Did you make a statement to the complainant and or her husband that if they wanted a problem you would give them one?

No.

13. Did the complainant and her husband say that they wanted to file a complaint.

Yes.

14. Explain how this call was closed out with the involved parties at the scene and why it was not necessary to generate a report.

Ms. Leyva was advised as best as possible. No offense had been committed and therefore no report was generated. Because Ms. Leyva had a problem with CPS and they have their own procedure for complaints, I did not see the need for an Information Report, either.

15. If the complainant had a Texas I.D. would that have changed your actions or the way this call was handled?

No. The type of ID Card is not an issue as to how I handle a call. A Texas ID Card would not change the fact that this was not a criminal complaint.

16. How was Officer Escajeda reacting to the complainant and the issues she was complaining about?

Officer Escajeda (and I) were commenting about how someone would bother calling the police because they had an issue with someone else's dirty toys.

17. Is there a problem with you assisting any particular group of people during the course of your daily duties?

No. And please keep in mind that the Lower Valley is probably 90%+ Hispanic and I do my job based on crime and crime prevention, not on race or legal status. I cannot

recall all the times I talked a crime victim into making a report, which she (very few males) did not want because of her legal status.

**18. Explain the working relationship that you had with Officer Escajeda while you were his FTO?**

At first it was good. I had Officer Escajeda through his 3<sup>rd</sup> and 4<sup>th</sup> month. From the time Officer Escajeda got out of the academy, he was convinced that he should not have to work with an FTO based on his vast experience during his two years as a Socorro Police Officer. Officer Escajeda told me that he was glad that he got me as an FTO because he heard that I had a reputation as being very by-the-book and having high standards and he was hoping that a glowing evaluation from me would get him to be solo. I told Officer Escajeda that he had two months to show me if he could do the job and if I think that he is capable, I would certainly write an endorsement and a recommendation that he was capable of handling the job already. Officer Escajeda did well but not exactly outstanding. He never was a go-getter, meaning that whatever call we were on, Officer Escajeda was always behind me and was more than happy to play a supporting role instead of making contact and handling the call on his own. On the other hand, Officer Escajeda had no problem when I would tell him that he was going to handle that call. I never take 10-10 or 10-7 but I told Officer Escajeda (like I tell every probationary Officer I work with) that I do not take a 10-10 but if they want to take a 10-7, they can pick the place and time. For the first three weeks we would go to lunch. At the beginning, Officer Escajeda tried to pay for my lunch several times but I would not let him. Only once did he pay and then the next day I paid for both of us. After about three weeks, Officer Escajeda told me that it was getting to be a little expensive and asked me if it was ok if we would bring lunch. I had no problem with that and told him that just because we have our own lunch, it doesn't mean we have to eat in the car and if he wanted to go somewhere (like a park or the station), to feel free and call out. He never did. After about a month or so, I talked to Sgt. Ramirez (FTO Sgt.) about Officer Escajeda wanting to go solo. I also told Sgt. Ramirez that I was going to check him out and would be willing to put it on paper if I believed that he was capable and ready. Of course Officer Escajeda still would have to be checked out by Sgt. Ramirez and/or Lt. Lucero (in charge of the FTO program). Sgt. Ramirez said he's bring it up to the Lt.. Maybe a week later, Sgt. Ramirez informed me that this was not going to happen (Officer Escajeda going solo), no matter what. After I told Officer Escajeda about this, his attitude changed. All-of-a-sudden he became argumentative about everything, from me telling him to put his cell phone away when he would sit in the driveway of a business or a red light to accusing me that I told a certain individual about getting his horribly matted dog to the groomer only because he was a sex offender! However, when we dealt with the man, it was Officer Escajeda who made the comment that the guy "looks like a sex offender" and I asked him what a sex offender looked like. Officer Escajeda would stop on the shoulder of the freeway (left shoulder) with the right tires on the line so I either could not get out or had to open the door into the traffic lane (which I did without a comment). But when it was time to get back into the car (the freeway was flowing fast again), I told him to move the car over. He did but not enough for me not to have to step into the traffic lane. When he finally moved the car enough so I could safely get into the passenger seat, I asked him what this was all about to which he replied that I did the same to him the other day, referring to a call on the freeway on the right shoulder (Escajeda was driving), thus was in control of where he parked, where I actually had to tell him to get out of the car to see if

the stranded motorist needed any help. Of course I also got out of the car but Officer Escajeda was unhappy that I made him get out because "I hate to do traffic on the freeway". Little things like that were an ongoing issue the last two+ weeks we were working together and I documented most of it and the evaluation was accordingly written. Since then, Officer Escajeda has not talked to me or even looked at me which really doesn't bother me a whole lot.

**19.** Please review case #14-113148. Do you recall working this check point and making this arrest? Did you tell this arrestee that if he did not pay the total amount for his tickets that you were going to call Border Patrol or something to that effect? Please explain what occurred on this arrest.

Yes, I recall this arrest. I directed the arrestee into the parking lot of the park and wrote him a citation for not having a driver's license. A warrant check showed he had well over \$2,000 worth of traffic warrants. While Officer Escajeda stood by with the arrestee, I walked over to the check point to inform Sgt. Ramirez about what he wanted done (arrest or no arrest). Sgt. Ramirez told me to go ahead with the arrest. I told Sgt. Ramirez that I would not impound the truck because the arrestee had been cooperative. When I went back to the arrestee, I told him about the warrants and informed him that if he or someone could pay the amount at the MVRC, he would be released from there. When he asked me what would happen if he did not have the money, I told him that he would be transported to the County Jail where he would most likely be picked up by the Border Patrol when they come and do their checks at the jail.

**20.** Did Escajeda not want to make this particular arrest?

I do not know if Officer Escajeda wanted to make the arrest or not as it was up to the Sergeant to decide. However, Officer Escajeda was told by Sgt. Ramirez to escort the arrestee to the station (follow his truck that the arrestee parked in the MVRC parking lot) and start the paperwork.

**21.** Please review your log sheet from 05/29/2014. You and Officer were dispatched to a subject disturbance call at 447 Schutz, in addition comments on the call advised that the reporter was requesting a Spanish speaking unit. Please explain what occurred on this call.

I don't recall that the reporter requested a Spanish speaking unit and I do not recall if I even had the MCT turned on (probationer needs to learn to listen to the radio more). As always, I was several paces ahead of Officer Escajeda when I made contact with the reporter. Since he only seemed to speak Spanish, I told Officer Escajeda to talk to him to find out what the problem was. While Officer Escajeda talked to the reporter, the manager of the apartment complex walked up and filled me in on what was going on. Apparently the reporter (who had just been released from the County jail for FAMV against his disabled wife who was living in that apartment but was in a care facility at this time) had already been given access and had removed personal belongings. A PAR Unit also showed up and talked to the reporter. All the dealings were done in Spanish and the reporter was advised by the other Officers and sent on his way.

**22.** Regarding the previous question, did you tell the reporter "don't be calling the police if you don't know any English" or something to that effect?

I did not talk to the reporter except to ask him for his ID in Spanish. As soon as I found out that he did not speak English, Officer Escajeda was the one talking to him.

23. It's documented that Sgt Ramirez spoke to you the following day in regards to a complaint being generated against you. Please explain the conversation that you had with Sgt Ramirez about your actions at this scene.

Sgt. Ramirez informed me that I could not ask a person if they were illegal. I told Sgt. Ramirez that the only time I do this is when I have dealings with them where I need their information for either log sheet, report or ticket. It's not as if I stop people on the street asking for their papers. Sgt. Ramirez told me that I could not do this as this was racially discriminating against a person. When I asked for an explanation as to how this could be viewed as racial, Sgt Ramirez was unable to provide me with an explanation and just told me not to do this anymore.

24. Did you tell Sgt Ramirez that you can check individual's immigration status and call Border Patrol if you think the person is illegal? If so please explain who you check and why.

I probably told Sgt. Ramirez something to the effect that if I know a person is illegal, I can call the Border Patrol. However, I only do this in very rare cases, maybe once a year or so. Always stemming from a traffic stop where I do not positive ID (with that I mean NO ID – not a Mexican Consulate ID Card, not a Mexican D/L or the Mexican Voter Registration Card). Most of the times they actually lie about their name and DOB, which is really irrelevant because I cannot write a ticket without positive ID. So in order to obtain positive ID, I call the Border Patrol who has a different way of checking. Because most illegal immigrants around here have been caught before, they are usually in the system and I am able to obtain a good ID and am able to issue the appropriate ticket(s).

25. Do you arrest individuals based on their citizenship status?

Of course I don't arrest anyone based on their citizenship status! The arrests are based on the offense a person committed!

26. When being dispatched to calls and the "complainant" or "reporter" has requested police assistance do you question their immigrant status if they don't speak English? No. Unless something changed, immigrant status has NOTHING to do with the language one speaks.

27. Is it your common practice to question an individual's immigrant status if they are reporting a crime, asking for police assistance and only have a Mexican ID.?

No. See question #8.

28. Do you speak, write or read Spanish? If not do you request other officer's assistance with Spanish speaking individuals? Explain why or why not.

I know enough Spanish for traffic purposes. On calls, if the caller does not have someone (usually relative) who speaks English, if it is a minor/simple issue, I use my cell phone to call the desk officer to find out what is going on and ask the desk officer to give my "advice" to that person. If it's something more complicated like a family fight, I call for a Spanish-speaking unit to assist. I handle the call and make the report and note in the narrative that Officer ... assisted with Spanish/English translation.

**29. While riding with Officer Escajeda did you make comments about not liking illegals?**

No. Whenever we discussed illegal immigrants, Officer Escajeda voiced the same issues as I, agreeing that it is not right that illegal immigrants can obtain so many benefits and the citizens have to pay for it with their taxes.

**30. What is your understanding of Racial Profiling in the Code of Criminal Procedures?**  
One cannot discriminate based on race, gender, religion or sexual orientation.

**31. Do you have any other information to add that may not have been covered by questions during the interview that is relevant or important to this investigation?**

Since doing this job, I've been cussed out by citizens as to how dare I am a police officer and live here and not speak Spanish. Frequently on traffic stops, I am accused that "you only pulled me over because I'm Mexican/Hispanic". My tickets show the PC of the traffic stop and it has nothing to do with ethnicity or any other factor except that the person broke a traffic law. Because I am constantly aware of people throwing in race whenever things do not go their way, I go out of my way and CITE instead of issue a verbal warning to almost any Anglo/White traffic violator I pull over. That way no one can say that I "only give tickets to Hispanic drivers".

**32. Please identify any other persons who might have information relative to this investigation?**

You might want to talk to Officer LARA who was also my probationer earlier this year. Or any other Officers on my shift.

**I HAVE READ THE ABOVE STATEMENT AND FIND IT TO BE TRUE AND CORRECT TO THE BEST OF MY KNOWLEDGE. DETECTIVE FALISHA MILNER #2643 GAVE ME THE OPPORTUNITY TO REVIEW THIS STATEMENT AND I DO NOT WISH TO ADD OR CHANGE ANYTHING.**

**Summary:**

The Complaint came into the station requesting to file a Complaint on Officer Elizalde. The Complainant stated that she was at 501 Hawkins with her common law husband and mother. The Complainant noted some issues with the CPS facility, such as dirty toys, malfunctioning lights and inadequate facilities. The Complainant advised she called the police to make a report on the conditions so she could file a complaint against CPS. The Complainant advised Officer Elizalde arrived and was confrontational with her and had requested her identification without asking about why she called. The Complainant alleged that she gave the Officer her Consular Identification Card. The Complainant advised the Officer accused her of being in the country illegally. The Complainant advised that the Officer was more focused on her immigration status, than her concerns. The Complainant alleged the Officer discriminated and was racially biased against her because she was hispanic, was more focused on her immigration status than why she had called, and threatened to call Border patrol to arrest her for being in the country illegally. The Complainant also alleged that the Officer did not want to do a report for her and failed to give the Complainant the Officers name and badge number. The Complainants family members were present when the confrontation between her and the Officer and also alleged that the Officer was acting like an immigration official.

There was no complaint against Officer Escajeda. The Complainant and Witnesses advised he was very calm and professionally with them.

I took statements from the Complainant and family members and scanned them into this Blue Team.

On 04/30/2014 @ 0800 hours, I met with Officer Elizalde at my desk. I advised the Officer of the allegations brought upon by the involved parties on the call the day before. I advised her not to focus on the immigration status of the any parties since we have no jurisdiction in any immigrations issues. The Officer advised me that she could check for immigration status and could call Border Patrol if she thinks the subject is illegal. I reminded the Officer to stop checking for immigration status and to stop doing any immigration inquiries. The Officer advised that she would cease inquiring on immigration status.

This BT Log is being generated to document a citizen's complaint against Ofc. Elizalde for the below listed allegations. Ofc. Elizalde was not very receptive to Sgt. Ramirez's direction not to be focusing in on individual's immigration status. In addition, the complainants are alleging that Ofc. Elizalde was:

1. Unprofessional; 2. Claimed that Ofc. Elizalde Threatened to Arrested Them; 3. Ofc. Elizalde failed to give her name and I.D. in a manner that they could understand; 4. Failed to do a Report; 4. Failed to Request a Supervisor to the scene as the complainants requested.

Requesting this BT Log to be forwarded to IAD for further investigation.
